ATHER QURESHI

Senior Software Engineer

atherqureshi07@gmail.com · Greater Toronto Area · GitHub · LinkedIn · Website · Writing

SUMMARY

Full-stack engineer with experience building services and tooling for developers and customers. Strong in design patterns, system architecture, and end-to-end delivery. Comfortable leading technical work, collaborating with PMs and stakeholders, and picking up new stacks quickly.

SKILLS

Languages	Python · Java · JavaScript/TypeScript · SQL
Platform	Linux · Docker · Kubernetes · Kafka · Helm · Django · React · CircleCI · GitHub Actions · ArgoCD
Data	RDBMS · HDFS · NoSQL · Dagster

EXPERIENCE

Senior Software Engineer
Aug 2025 - Present

Senpilot · Greater Toronto Area

- 5th employee and 2nd engineer, building the product 0->1 as a full-stack engineer - data ingestion, core platform, and shipping features end-to-end.
- Created the ingestion pipeline and introduced Dagster to bring utility data from GIS, AMI, SCADA, and OMS into one unified data model.
- Scaling the company from 1->n customers and helping grow the engineering team from 1->n.

Senior Software Engineer
Jan 2022 - Aug 2025

Carta · Waterloo, ON

- Frontend Platform: framework and tooling for micro-frontends across Carta; accelerate React/TypeScript convergence.
- Modularizing legacy frontends out of the monolith; tools for maintainability, security, and scalability.

Software Engineer
Feb 2020 - Jan 2022

Carta · Waterloo, ON

- Promoted E2->E3 after 8 months. Finance-Automation: subscriptions, payments, and contracts.
- Built billing/subscription reconciliation as Carta's first Kafka use case, using Faust.
- Migrated Django monolith domains to gRPC microservices; owned CI/CD and monitoring. Lead on a real-time Kafka microservice (Python).

Machine Learning Engineer
Oct 2018 - Feb 2020

Bell · Toronto, ON

- Led architecture for real-time call-routing ML; REST and Kafka endpoints; CI/CD with Redis/Kafka tests deploying to Kubernetes.

Data Engineer
Sept 2017 - Oct 2018

Bell · Toronto, ON

- 6PB+ customer data. Lead for campaign tooling (~80M offers/year) and Connected Car (AT&T); Tableau/SAS for 8000+ ETL jobs.

EDUCATION

Western University
Sept 2012 - Aug 2017

BSc Honours Specialization in Computer Science, Minor in Psychology

Western Scholarship of Distinction · Dean's List

EXTRACURRICULAR

- President, Western Pakistani Students Association - $2k budget, 150 members
- Speaker, Toronto Machine Learning Series Micro Summit (Insurance & Telco, 2018)
